About | ALSTONE  
ALSTAR HPL

As a leading HPL sheet manufacturer, Alstone takes pride in delivering High-Pressure Laminate (HPL) solutions that blend functionality with aesthetic appeal. Alstone Alstar is an aluminum-based HPL, making it more durable, lightweight and fire-resistant than standard HPL.

These HPL sheets are meticulously crafted to meet the highest standards of quality and innovation, offering an extensive palette of shades and finishes to bring your architectural vision to life.
