— OFFICIAL CLADDING PARTNER —

From the MD's Desk

The first quarter of FY 2026-27 has been an exciting and rewarding chapter in our journey. We witnessed remarkable achievements that reflect our unwavering commitment to innovation, quality and customer-centric growth.

Our collaboration with **Punjab Kings** as the **Official Cladding Partner for IPL 2026** was a significant milestone for Alstone. This association gave us an opportunity to take our brand closer to millions of cricket enthusiasts while reflecting the shared values of performance, determination and excellence. It also strengthened our brand presence on one of India's biggest sporting platforms.

A significant highlight of our journey has been the launch of **Alstone StoneArc – FR Premium Exterior Cladding**, a new-generation façade solution created to bring together premium aesthetics, durability and design freedom. With **15 all-new shades**, StoneArc opens new possibilities for architects and designers to create distinctive and contemporary façades. Alongside this launch, our new **Alstone Louvers** range further expands our architectural portfolio, offering greater flexibility in façade design and enabling architects to explore new dimensions of form and expression.

Our participation in prestigious exhibitions such as **ZAK Bengaluru** and **the Airport Exhibition Mumbai**, along with our expanding network of **Alstone Studios**, **Design Café 3D** services and Fabricator Meets across Mysore, Udupi and Punjab, has strengthened our relationships with architects, fabricators, channel partners and customers. These initiatives allow us to remain closely connected with the market while creating new opportunities for collaboration and growth.

As we move into the next quarter, we will continue to focus on innovation, customer satisfaction, operational excellence and sustainable growth. Together, we will build stronger partnerships, create greater value and shape the future of architecture and manufacturing.

Warm Regards,

Sumit Gupta
Managing Director
Alstone | Emerge Group

Alstone X Punjab Kings

Building Champions,
On & Off the Field.

ALSTONE®

— OFFICIAL CLADDING PARTNER —

Alstone strengthened its presence on one of India's biggest sporting platforms by becoming the Official Cladding Partner of Punjab Kings for IPL 2026. The collaboration brought together two brands united by ambition, performance and the pursuit of excellence. Through impactful brand visibility and fan engagement, the partnership helped Alstone connect with millions of cricket enthusiasts while reinforcing its commitment to innovation and excellence. From the cricket field to India's architectural landscape, Alstone continues to build with the same spirit—stronger, smarter and always ahead.

Emerge Glass Annual meet 2026:

Reflecting on Success,
Building Tomorrow.

The Emerge Glass Annual Meet 2026 brought together team members, business associates, and leadership to celebrate achievements, strengthen relationships, and shape the future. The event reflected the company's growth in glass manufacturing, expanded product offerings, and commitment to operational excellence. Leadership shared insights on future plans, emphasizing innovation, quality, sustainability, and continued expansion. Outstanding employees and teams were recognized for their dedication, performance, and valuable contributions. Engaging discussions, team-building activities, networking, cultural performances, and entertainment created memorable experiences while strengthening the Emerge family. With a motivated workforce and clear vision, Emerge Glass moves forward with confidence, ready to achieve greater milestones and deliver world-class glass solutions.

Alstone Annual Meet 2026:

Celebrating Excellence,
Inspiring Growth.

The Alstone Annual Meet 2026 brought together employees, leadership teams and channel partners to celebrate achievements, collaboration, and future aspirations. The event reflected Alstone's remarkable growth, market achievements, innovation and commitment to excellence. Outstanding employees and teams were recognized for their dedication, leadership and valuable contributions. Engaging sessions encouraged knowledge sharing, collaboration and fresh ideas for future growth. Cultural performances, entertainment and networking added memorable moments to the celebration. With renewed energy and a shared vision, Alstone looks ahead with confidence, ready to embrace new opportunities, set higher benchmarks and continue shaping the façade and cladding industry

Expanding Possibilities:

Introducing the New Alstone Louvers Series

ALSTONE LOUVERS
SERIES 2600

ALSTONE LOUVERS
SERIES 3600

ALSTONE LOUVERS
SERIES 5000

Alstone expands its premium louver range with three innovative additions—Series 5000, Series 3600, and Series 2600. Designed for modern architecture, these louvers combine contemporary aesthetics, durability, weather resistance, and low maintenance, giving architects and designers greater creative freedom. Series 5000 features bold profiles for striking façades, Series 3600 offers versatile design and performance for diverse applications, while Series 2600 delivers sleek architectural lines with practical functionality. Suitable for commercial, residential, and institutional projects, the new range enhances façades, ventilation, and building character. With easy installation, premium finishes, and lasting performance, Alstone Louvers redefine possibilities in contemporary architectural design.

FR

PREMIUM EXTERIOR CLADDING

Inspired by the timeless beauty of natural stone, Alstone StoneArc – FR Premium Exterior Cladding brings together sophisticated aesthetics, lasting performance and modern architectural versatility. Designed to create distinctive façades, StoneArc features 15 all-new shades, offering architects and designers greater freedom to explore unique textures, tones and design expressions. Engineered for exterior applications, StoneArc delivers the premium look of stone with the reliability and performance of advanced cladding technology.

Strengthening Partnerships:

ALSTONE® *Star*
Fab
MEET 2026

Alstone Fabricator Meets Across India

Fab Meet- Mysore, Karnataka

Fab Meet- Udupi, Karnataka

Fab Meet- Patiala, Punjab

Alstone strengthened its channel relationships through successful Fabricator Meets in Mysore, Udupi, and Punjab, bringing together fabricators, business partners, and the Alstone team. The meets provided a platform to showcase product innovations, discuss market trends, share fabrication best practices, and exchange valuable insights. Participants explored Alstone's expanding portfolio, including FRCP, Metal-based HPL, Aluminium Honeycomb Panels, StoneArc, and the latest Louvers collection. Open discussions enabled fabricators to share experiences, challenges, and feedback, reinforcing Alstone's commitment to partner success. Through technical sessions, networking, and recognition, the initiatives strengthened collaboration, product knowledge, and confidence, building a stronger foundation for shared growth across India.

Exhibitions & Industry Engagement:

Airport Exhibition, Mumbai.

Alstone participated in the Airport Exhibition Mumbai, engaging with key stakeholders from the aviation and infrastructure sectors. The event served as a valuable platform to demonstrate how Alstone's advanced façade and cladding solutions contribute to the development of modern airport infrastructure.

Visitors explored a wide range of products designed to meet the demanding requirements of large-scale commercial projects. Through meaningful discussions and networking opportunities,

Alstone strengthened its position as a trusted partner for infrastructure and architectural excellence.

Incomex- Hubballi

Alstone participated in INCOMEX 2026, one of Karnataka's leading industrial and commerce exhibitions held in Hubballi. The exhibition served as a valuable platform to engage with architects, builders, fabricators, channel partners, and industry professionals while showcasing Alstone's innovative range of premium exterior cladding solutions. The event strengthened industry connections, explored new business opportunities, and reinforced Alstone's commitment to shaping the future of modern architecture.

Exhibitions & Industry Engagement:

ZAK Doors and Windows Expo, Bengaluru.

Alstone marked a strong presence at the ZAK Doors & Windows Expo Bengaluru, one of India's premier platforms for the façade, fenestration and building materials industry. The event provided an excellent opportunity to showcase Alstone's innovative cladding solutions, including Fire Retardant Composite Panels, Alstone StoneArc, Louvers and other advanced façade products.

Architects, consultants, fabricators and industry professionals visited the Alstone pavilion to explore the latest design trends and product innovations. The exhibition reinforced Alstone's commitment to delivering world-class solutions that combine aesthetics, performance and sustainability.

Alstone Studio:

Experience Cladding Like Never Before.

Alstone Studio is the official experience centre for Alstone's complete range of premium cladding solutions, bringing products, expertise, and inspiration under one roof. Visitors can explore actual installations, compare finishes, textures, colours, and applications, and receive expert technical guidance. The studio showcases FRCP, StoneArc, Metal-based HPL, Aluminium Honeycomb Panels, Louvers, 3D Panels, and other façade solutions. Current locations include Bhagyalaxmi Enterprises – Goa, Mayur Traders – New Delhi, Bharat Enterprises – Jaipur, and Sai Sales – Ahmedabad, with more studios coming soon. Alstone Studio simplifies product selection and purchase, helping architects, builders, homeowners, and fabricators make confident decisions. Visit. Experience. Choose. Build with Confidence.

Project Spotlight:

Assam Bhavan, Bengaluru

Assam Bhavan, Bengaluru stands as a fine example of contemporary architecture enhanced by Alstone's premium cladding solutions. The project features the elegant Alstone Classic VL-06 Champagne Gold and VL-14 Black Silver, beautifully complemented by the natural warmth of Alstone Evolution ALV-130 Rustic Wood. Together, these finishes create a distinctive façade that combines modern aesthetics with long-lasting durability. This landmark project reflects Alstone's commitment to delivering innovative cladding solutions that transform architectural vision into lasting reality while setting new benchmarks in design excellence.

Alstone Design Café 3D:

Visualize Before

ALSTONE®
Design
Café 3D

Alstone Design Café 3D is an innovative visualization service that helps architects, builders, fabricators, and homeowners see their façade vision before construction begins. Using high-quality 3D visualizations, the service creates realistic building concepts and before-and-after transformations featuring Alstone's premium cladding solutions, including StoneArc, FRCP, Metal-based HPL, and Louvers. Customers can explore design options, compare colours and combinations, and make informed decisions with confidence. As a powerful planning tool, Design Café 3D bridges imagination and reality, supports faster approvals, and simplifies product selection. By combining creativity with advanced visualization technology, Alstone transforms ordinary buildings into extraordinary architectural landmarks.

See the Transformation. Experience the Difference. Build with Confidence.
