FY: 25-26

FLASHBACK

Turning points & Milestones

A look back at a year shaped by collective effort—where ideas turned into action, and milestones into momentum. Made possible by our people, partners, and stakeholders who continue to drive our shared growth.

As we reflect on FY 2025-26, I take immense pride in what we have collectively achieved – a year defined by innovation, strategic expansion and remarkable growth.

This year marked a significant milestone for the Alstone & Emerge Group as we proudly crossed the ₹1000 crore turnover benchmark, reinforcing our position as a trusted and fast-growing force in the façade and glass industries. This achievement reflects the dedication of our employees, channel partners, architects, fabricators and every stakeholder associated with our journey.

Our commitment to innovation remained stronger than ever. The launch of advanced solutions like Alstone Alcomb, featuring India's longest honeycomb panels(9Mtr), along with the premium anodized series Anometa, 3D panels has further elevated architectural possibilities with superior aesthetics, strength and safety.

Our association with Royal Challengers Bengaluru during IPL strengthened our brand visibility nationwide, helping Alstone connect with millions as a modern and high-performance cladding brand.

This year also witnessed exceptional market growth across key regions including the North East, Gujarat and Tamil Nadu, where Alstone significantly strengthened its presence and expanded its channel network. The encouraging response from architects, fabricators and channel partners in these regions reflects the growing trust in our products, innovation and brand vision.

At the group level, Emerge Glass achieved major progress with expansion into container glass manufacturing, reinforcing our vision of diversification and future-ready manufacturing excellence.

Through exhibitions, knowledge-sharing platforms and continuous engagement with the architectural community across India, we strengthened industry relationships and remained aligned with evolving façade and design trends.

As we move forward, our vision remains clear – to lead with innovation, expand with purpose and create solutions that shape the skylines of tomorrow.

I extend my heartfelt gratitude to everyone who has been part of this journey. Together, we will continue to set new benchmarks and build a legacy for the future.

Warm Regards,
Sumit Gupta

Alstone x RCB 2.0

Powering Performance

Alstone strengthened its high-impact brand journey with the renewed collaboration with Royal Challengers Bengaluru for IPL 2025, marking the next phase – Super Batting, Super Cladding 2.0.

This partnership seamlessly blends the energy of world-class cricket with the strength and innovation of advanced façade solutions. Through a 360° campaign including stadium visibility, digital amplification and fan-driven engagement, Alstone connected with millions across the country, reinforcing its position as a modern and performance-driven brand.

RCB's spirit of resilience, consistency and excellence mirrors Alstone's commitment to delivering superior cladding solutions that redefine architectural possibilities.

More than just visibility, this collaboration represents a strategic alignment with a platform that embodies passion, scale and aspiration – enabling Alstone to engage not only with the construction ecosystem but also with a wider consumer audience.

With this powerful association, Alstone continues to elevate its brand presence, building stronger connections and shaping a future where performance meets design.

Alstone Utsav – Celebrating Success in Vietnam

Alstone Utsav, the annual reward and recognition initiative, reached new heights in FY 2025–26 with an unforgettable Vietnam Incentive Trip for our top-performing channel partners.

This journey was more than a reward – it was a celebration of trust, performance and long-standing partnerships. Bringing together achievers from across India, the trip created a vibrant platform for connection, collaboration and shared success.

From exploring the cultural charm of Vietnam to experiencing the iconic beauty of Ha Long Bay, every moment reflected Alstone’s commitment to celebrating excellence. The highlight of the trip was the grand recognition evening, where our partners were honoured for their outstanding contributions, making it a truly memorable experience.

Beyond celebration, the trip also strengthened relationships, encouraged knowledge exchange and reinforced the sense of belonging within the Alstone family. Alstone Utsav reflects our belief that success is best celebrated together – with those who contribute to building it every day.

Because our partners are not just part of our journey – they are the reason behind it.

Alstone Milan – Celebrating Craftsmanship in Thailand

Alstone Milan, our dedicated initiative to recognize and reward top-performing Channel Partners, was celebrated with an exciting **Thailand Incentive Trip** in FY 2025–26.

This journey celebrated the dedication, craftsmanship and commitment of our Channel Partners – the true backbone of the Alstone ecosystem. Bringing together achievers from across regions, the trip offered a perfect blend of celebration, relaxation and meaningful engagement.

From vibrant city experiences to cultural explorations, every moment was thoughtfully curated to appreciate their dedication and hard work. The highlight of the trip was the grand recognition evening, where outstanding performers were honoured, creating an atmosphere of pride, gratitude and achievement. Beyond celebration, the trip fostered stronger connections, encouraged idea exchange and reinforced the sense of unity within the Alstone network.

Alstone Milan stands as a testament to our belief in recognizing excellence and empowering those who bring our products to life.

Because behind every iconic façade, there is a craftsman who makes it possible.

Alstone Alcomb— Redefining the future of Exterior Cladding

Alstone marked a significant milestone in FY 2025–26 with the grand launch of Alstone Alcomb, its advanced Aluminium Honeycomb Panel system, in Bengaluru. The exclusive showcase brought together leading architects, façade consultants and industry experts, creating a powerful platform for innovation and dialogue. Engineered for next-generation architecture,

Alstone Alcomb stands out with its exceptional strength-to-weight ratio, superior flatness and high fire safety performance. The highlight of the launch was the introduction of India's longest honeycomb panel – up to 9 meters, setting a new benchmark in large-format façade applications. Alongside this, the unveiling of India's first Zinc Honeycomb Panel further reinforced Alstone's commitment to innovation and material excellence.

The event featured live product demonstrations, technical discussions and insights into modern façade trends, receiving an overwhelming response from the design community.

With Alstone Alcomb, we are not just introducing a product – we are enabling architects to think bigger, design bolder and build smarter.

A breakthrough innovation that defines the future of exterior cladding.

Alstone Anometa and 3D Panels – Redefining Surface Design

In FY 2025–26, Alstone expanded its design-led product portfolio with the launch of **Alstone Anometa** and **Alstone 3D Panels**, setting new benchmarks in aesthetics and architectural expression.

Alstone Anometa, a premium anodized ACP series, introduces 9 sophisticated shades crafted to deliver a refined metallic finish with exceptional durability. Engineered for long-term performance, it offers superior resistance to corrosion, UV exposure and weathering, making it an ideal choice for high-end façades and interiors. With its timeless appeal and consistent finish, Anometa empowers architects to create elegant and enduring designs.

Complementing this innovation, **Alstone 3D Panels** bring a new dimension to cladding by adding depth, texture and visual dynamism to surfaces. Designed to break the monotony of flat façades, these panels enable bold, contemporary designs that stand out in modern architecture.

Together, these product launches reflect Alstone’s commitment to blending design, technology and performance – offering solutions that not only protect structures but also elevate their visual identity.

Because at Alstone, every surface is an opportunity to create something extraordinary.

Strengthening Presence through Strategic Events & Exhibitions

FY 2025–26 witnessed Alstone’s strong and consistent presence across some of the most influential industry platforms in India. Through strategic participation in exhibitions and knowledge forums, we reinforced our position as a leader in advanced façade and cladding solutions.

Key platforms such as Smartex (Patna, Dehradun and Vadodara), ZAK Mumbai, Inter Passenger Terminal Show, Build Tech and IIA NEXKNOS Jodhpur served as powerful touchpoints to engage with architects, consultants, builders and channel partners. Each event provided an opportunity to showcase our diverse product portfolio, including ACP, Louvers, Alcomb and the premium Anometa series. Our stalls emerged as dynamic hubs of interaction – featuring live product demonstrations, technical discussions and meaningful conversations around evolving façade trends, fire safety and sustainable architecture.

These exhibitions not only enhanced brand visibility but also strengthened relationships across regions, enabling deeper market penetration and valuable insights into customer needs. By actively participating in such platforms, Alstone continues to expand its reach, foster industry collaboration and promote future-ready solutions that align with modern architectural demands.

We are not just showcasing products – we are shaping conversations and building connections across India’s evolving skyline.

Alstone Arch Club – Celebrating Architectural Excellence

Alstone Arch Club continues to expand as a vibrant community of architects, designers and creative visionaries shaping India's evolving architectural landscape. With every edition, the journey of Arch Club grows stronger – fostering meaningful dialogue, celebrating innovation and building deeper connections within the design fraternity.

This edition proudly features **Ar Indraneel Dutta & Ar Brinda Kannan**, Co-Founders of **Dutta Kannan Architects (DKA)**. With over 18 years of experience, their work reflects a seamless blend of functionality, context and aesthetics, creating spaces that are thoughtful, timeless and emotionally engaging.

We also spotlight **Ar Nita Kembhavi & Ar Indrajit Kembhavi** from **Kembhavi Architecture Foundation (KAF)**, renowned for their sustainable and human-centric approach to architecture, where innovation meets environmental responsibility.

Both practices embody the spirit of creativity, material exploration and forward-thinking design that aligns with Alstone's vision for modern façades.

Through Arch Club, Alstone is not just celebrating architecture – it is building a growing community united by ideas, inspiration and design excellence.

Because great architecture thrives when visionary minds come together.

Alstone Soul Partners – Celebrating Trust, Commitment and Growth

At Alstone, our strength lies in the enduring relationships we share with our channel partners – the true pillars behind our expanding footprint. Through the Alstone Soul Partner initiative, we continue to honour those who have consistently demonstrated trust, dedication and excellence in driving the brand forward.

This edition proudly features **Mr Surjeet Singh** from **S.P.N Enterprises**, known for his reliability, strong market understanding and commitment to quality, helping strengthen Alstone’s presence across Punjab.

We also recognize **Mr Varun Sharma** from **Royale Metals and Royale Claddings**, representing a new generation of dynamic entrepreneurs focused on innovation, modern façade solutions and customer excellence.

Adding to this growing network is **Mr Rahul Agrawal** from **Bhumeswar Enterprises**, whose dedication and customer-first approach continue to contribute significantly to Alstone’s growth in Uttar Pradesh.

With every new addition, Alstone Soul Partners continues its journey of celebrating meaningful partnerships, shared success and long-term growth across India.

Because strong partnerships are the foundation of lasting success.

Alstone Utkarsh – Celebrating People, Purpose and Progress

Alstone Utkarsh, the Annual Meet of the Alstone team, stands as a powerful reflection of our culture, unity and shared vision. Held amidst an inspiring setting, this gathering brought together team members from across regions to celebrate achievements, align on future goals and strengthen the spirit that drives our organization forward.

More than just an event, Utkarsh is a celebration of the people behind the brand – a platform where dedication, performance and commitment are recognized and rewarded. From insightful strategy sessions to leadership discussions and team-building experiences, every moment was designed to inspire collaboration and clarity.

The event also served as a roadmap for the future, where ideas were exchanged, goals were defined and a collective vision for growth was reinforced.

At its core, Alstone Utkarsh reflects a simple belief – when people grow together, success follows naturally.

Driven by passion, powered by people and united by purpose – this is the spirit of Alstone.

Alstone Fabstar Meets – Strengthening Bonds on Ground

Alstone continued to deepen its connection with its core strength – fabricators – through impactful Fabstar Meets during FY 2025–26.

These meets served as engaging platforms to connect with key fabricators and industry professionals, fostering stronger relationships and mutual growth. The sessions featured in-depth product presentations, live demonstrations and discussions on evolving market trends, helping participants gain deeper insights into Alstone’s expanding product portfolio like Anometa, 3D panels, Louvers Etc.

Beyond knowledge sharing, the events celebrated the contribution of top-performing fabricators, recognizing their dedication and role in building the Alstone brand across regions. The interactive format encouraged open dialogue, experience sharing and collaboration, reinforcing trust at the ground level.

Through Fabstar Meets, Alstone continues to empower its partners, strengthen its network and build a community driven by performance and progress.

Because at Alstone, growth is always stronger when built together.

Emerge Glass Expands Horizons with New Furnace

Marking a significant step forward in its growth journey, EmERGE Glass strengthened its manufacturing capabilities with the inauguration of a new state-of-the-art furnace dedicated to glass bottle production.

This strategic expansion reflects the company's vision to diversify beyond sheet glass and establish a strong presence in the high-growth container glass segment. Designed for precision, efficiency and consistent quality, the new furnace enhances production capacity while meeting the rising demand for premium glass bottles across industries.

With advanced technology and robust process control systems, the facility ensures superior product strength, uniformity and performance. It also supports the production of coloured glass variants, catering to evolving market needs in beverage and pharmaceutical packaging.

This development reinforces EmERGE Glass's position as a forward-thinking manufacturer committed to innovation, sustainability and excellence.

With every new milestone, EmERGE Glass continues to shape the future of glass manufacturing in India.
